PROCEEDINGS OF SCHOOL DISTRICT MEETING

March 7, 1972

Meeting was called to order by Moderator Theodore Pariseau for voting. Warrant was read and a recess declared until 2:00 p. m.

Meeting called to order at 2:25 p. m. and warrant was discussed:

2. Motion made by Emily Haynes and seconded by Virginia Hurley to increase School Clerk's pay from \$12. to \$24. Voted yes.

Motion made by Burleigh Placey and seconded by Thomas Hurley to increase School Treasurer's pay from \$84. to \$100. Voted no.

Motion made by Mary Strathdee and seconded by Nancy Adams to increase School Treasurer's pay from \$84. to \$150. Voted yes.

3. Reports accepted. Voted yes.
4. The budget was explained by Mr. Dehl. Questions were asked by Barbara Betjemann, Virginia Hurley, Burleigh Placey, and Mary Strathdee. Motion made by Nancy Adams and seconded by Connie Angevine to accept the budget. Voted yes.
5. Federal and State money explained by Mr. Dehl. Questions and comments by Burleigh Placey, Virginia Hurley, Norma Burns, and Mary Strathdee. Voted yes.
6. The Pre-School Program was discussed. A resolution suggested by Mr. Pariseau and made by Virginia Hurley was seconded by Barbara Betjemann to have an article in the fall warrant to raise money for the Pre-School Program at the rate of \$120.00 per child. Voted yes.

Theodore Pariseau suggested holding the Town and School meetings in the evening so more people could attend but there was opposition because of the night shift at the Beecher Falls Factory and farm work.

Motion made by Thomas Hurley and seconded by John Owen to adjourn. Voted yes.

SUPERINTENDENT'S REPORT

The school district has been indeed fortunate this past year to have a number of townspeople give of their time and services to improve the school programs.

Through the efforts of Howard Carney, Michael Berry, Jesse Carney, Earl Towle, Keith Haynes, Noel Bedard, Noel Bedard Jr., David Bedard, Rex Haynes, and Hazen Burns, a fire escape was built in the West Side School cafeteria. This has improved greatly the safety of all youngsters eating in the school cafeteria.

Mrs. Mae Drew has given freely of her time the past two years to come to school and work with youngsters needing extra help in reading. Through her efforts a number of youngsters having difficulty in class have been able to keep up with their work and consequently remain with their grade level.

Mrs. Barbara Betjemann is providing art services in the school on a volunteer basis.

At the Hollow School, a variety of art and audio-visual materials were purchased this past year due to the efforts of the townspeople who organized and sponsored a Flea Market, proceeds of which went to the Hollow School. Co-chairmen of this event were Lynn Placey and Diane Pierce.

The town certainly is fortunate in having these people give of their services and a special thank you is extended.

Last June, the West Side School lost the services of a veteran teacher. Mrs. Cleora Richardson, a teacher with 48 years of experience retired from the teaching profession. Her dedication and devotion to teaching youngsters will always be appreciated and remembered by her pupils and the town.

This year, the voters of the town are being asked to form a planning committee to investigate the possibility of developing tuition contracts for pupils in grades 9—12 in the Stewartstown School District. This committee, if approved, would make a report at the next annual meeting as to the need or desirability of entering into tuition contracts with neighboring school districts.

The closing of Our Lady of Grace Elementary School this coming June will result in the district having to absorb an additional number of resident pupils into the public schools. Although the youngsters will be able to be housed in the present schools in grades 1—8, this means that maximum capacity will be reached in the West Side School with over 100 pupils and near maximum capacity will be reached in the Hollow School with over 30 pupils. Any substantial pupil increase in the future will

require either a new school facility or a major expansion of existing school buildings or seeking out other alternatives. It appears for the present, however, that the district does have some time in which to investigate possibilities.

Pupil services now being offered in the school district include speech therapy, health services, guidance services for grades 7 and 8, multi-media services, psychological counseling and testing services, library services, art services on a volunteer program and it is planned that music will be included on a part-time basis for the next school year.

The district has made major steps the past few years towards meeting state minimum requirements for elementary schools and the school board is to be commended for its action in implementing those requirements.

Respectfully submitted,
Stephen E. Dehl
Superintendent of Schools

GUIDANCE COUNSELOR'S REPORT

Guidance is a continuous developmental process which ideally should enable each student to understand himself better, to make sound decisions, to develop healthy attitudes and to achieve an awareness of his responsibility to himself and to others. Listed below are some of the activities directed toward these ends which have been initiated during the past year.

1. Each student's Cumulative Record Folder is being updated.
2. A Profile Sheet has been developed for each student in Grades 9—11 inclusive. This sheet contains information gathered concerning the student's ability, aptitudes, achievements, attitudes, interests and personality. The development of these sheets is an ongoing process with new information being added as it is obtained.
3. A Career Development Program utilizing one period a week has been instituted in the Pittsburg seventh and eighth grades and the Stewartstown eighth grades.
4. A follow-up by phone or personal contact has been made in the case of each of last year's Seniors in order to ascertain exactly what they are doing as related to what they had intended to do.
5. A system of referrals for handling special cases in cooperation with the Upper Connecticut Valley Mental Health Services Inc. has been set up. Each referral necessitates at least one home visitation on the part of the Guidance Counselor.
6. In a number of cases, evening interviews have been held with students (past or present) and /or their parents concerning Educational or Career plans.
7. A Guidance Inventory Survey intended to predict needed changes which could possibly prevent certain students from becoming problems or drop-outs has been administered to every Pittsburg student in grades 9—11 and to Freshmen in Colebrook.
8. A Strong Vocational Interest Survey has been administered to individual Seniors who were completely unsure of future plans. The results of these Surveys have been discussed with each student concerned.
9. Arrangements have been made for students to meet with representatives of colleges and also representatives of the Armed Services.
10. The Armed Services Vocational Aptitude Battery has been

administered to nearly all students 9–12 and the results are being discussed with each student concerned.

11. Juniors planning to continue their schooling after finishing high school took the Preliminary Scholastic Aptitude Tests in October and the results have been discussed with each student concerned.
12. Over 200 individual interviews have been held with Seniors concerning their future educational or career plans.
13. Similar conferences with Freshmen, Sophomores and Juniors have been, or are being, held.
14. Educational and Career Information has been made increasingly available to students.

I hope that the activities described above will give you some idea of the work that is being done in Guidance.

Respectfully submitted,
JOHN M. SHIELDS
Guidance Counselor

SCHOOL HEALTH

The objectives of a school health program are to perform the necessary functions to maintain and promote good health for all the pupils in our schools.

Each year the following services are performed: checking heights and weights; testing vision and hearing, physical examinations for students in grades 4, 8, 11 and those participating in athletic sports, T. B. skin tests as recommended by the T. B. Association which included all personnel in Supervisory Union 7 this year, immunizations as needed, pre-school clinics which include immunizations, physicals, T. B. and urine tests, home-visits for follow-through health care as deemed necessary, promotion of good mental health with the assistance of Upper Connecticut Valley Mental Health Services, first aid and emergency care, health teaching and counseling, and continuous supervision of general health.

The Matching Fund Dental Program sponsored by state and local monies was utilized again this year with many students receiving dental care.

This year the P. T. O. sponsored a program on venereal disease to junior and senior high school students through the Department of Public Health.

North Country Education Services again provided speech therapy for all students in Supervisory Union 7 requiring help.

The American Cancer Society provided films for all junior and senior girls and their mothers for early detection and treatment of cancer.

Two hygienists from the Dental Bureau in Concord presented a very thorough and interesting program on the care of teeth to all elementary students in the area including St. Albert's School and Our Lady of Grace Elementary School.

There was a pre-school hearing and vision clinic in May sponsored by the N. H. Division of Public Health for early detection of defects.

Each year we strive to improve the health program. With everyone working together, it is hoped that we can achieve our goal in this endeavor.

REPORT OF SERVICE RENDERED

IN THE TOWN OF STEWARTSTOWN

1972

Mental health services for the town of Stewartstown were significantly expanded during the past year — both counseling of individuals and of families, and services to Stewartstown children in school.

Twenty—one Stewartstown residents received counseling, either at the clinic office or in their homes, and the schools have been visited frequently to develop plans for assisting students with problems. Among the services being given to students are psychological evaluations; individual counseling; and counseling with families, either at school, in the home, or in the clinic office. Plans for helping the child in the classroom are discussed with the teacher and with other helping agencies such as special education and the school nurse.

Because the agency is locally based and operated, patients can be helped quickly, with the result that very few residents need to go on to New Hampshire Hospital or other resources out of the area.

Stewartstown's contribution to Upper Connecticut Valley Mental Health Service helps in obtaining matching funds from state and other sources; and it insures that the staff is consistently available when needed. Costs are kept at a minimum without impairing quality of care; and per capita costs for our area are far below those of other rural mental health programs.

Upper Connecticut Valley Mental Health Service, Inc. meets all state and professional standards for such programs and is a full member of the New Hampshire Association of Community Mental Health Agencies.

Our staff is prepared to respond to your requests.

Respectfully submitted,

BURDETT S. ADAMS, ACSW
Executive Director
